## Pneu conversion kit with remote button

### DESCRIPTION

Pneumatic kits allow to convert Kariba 6E and 9.0 concealed cisterns into cisterns with pneumatic remote control without any replacement of internal components. The pneumatic conversion kits include the aluminium inspection plate and the flush-mounted or exposed push-button control, depending on the code. Pneumatic kits are particularly useful for people with motor disabilities, as they do not require manual force and precision to activate, thus ensuring maximum functionality and hygiene.

### COMPATIBILITY

The pneu conversion kits are compatible with the following Kariba concealed cisterns:

- KARIBA 6E - MONOLITH 9.0
- TEKNO PRATIKA 6E - TEKNO PRATIKA 9.0
- SMARTIKA 6E - SMARTIKA 9.0
- EKOFIX 6E - FIX PRATIKA 9.0
- KARTON FIX 9.0 - KARTON PRATIKA 9.0
